Book Review Mini-Critique

Below you will find ratings (scale of 1-5) with general descriptions for the major parts of your book followed by your Readers' Favorite review. Although this is just a Mini-Critique, we hope it will give you an insight into how readers may view the different components of your book.

These are the opinions of your reviewer, and although they are not a literary professional, they are an avid reader of books just like yours.

Title: The Glorious Beast!

Author: Scott L Chally

Genre: Fiction - Adventure

Appearance: The appearance of a book can make a significant impact on the experience of a reader, whose enjoyment is often enhanced by an enticing cover, an intriguing table of contents, interesting chapter headings, and when possible, eye-catching illustrations.

4

Plot: The characters of a book should be well defined with strengths and flaws, and while they do not have to be likable, the reader does have to be able to form a connection with them. The tone should be consistent, the theme should be clear, and the plot should be original or told from a unique perspective. For informative books -- those without plot and characters--this rating refers primarily to your concept and how well you presented it.

5

Development: Development refers to how effectively you told your story or discussed your topic. The dialogue should be realistic, the descriptions should be vivid, and the material should be concise and coherent. Organization is also a key factor, especially for informative books -- those without plot and characters. The order in which you tell your story or explain your topic and how smoothly it flows can have a huge impact on the reader's understanding and enjoyment of the material.

5

Formatting: Formatting is the single most overlooked area by authors. The way in which you describe scenes, display dialogue, and shift point of view can make or break your story. In addition, excessive grammatical errors and typos can give your book an amateurish feel and even put off readers completely.

4

Marketability: Marketability refers to how effectively you wrote your book for your target audience. Authors may include content that is above or below the understanding of their target reader, or include concepts, opinions or language that can accidentally confuse or alienate some readers. Although by its nature this rating is very subjective, a very low rating here and poor reviews may indicate an issue with your book in this area.

5

Overall Opinion: The overall starred rating takes into account all these elements and describes the overall reading experience of your reviewer. This is the official Readers' Favorite review rating for your book.

Review: Reviewed by Alma Boucher for Readers' Favorite

The Glorious Beast! by Scott L. Chally is an extraordinary book. Ricky and Jimmy plan to open a transport company in Cedar Rapids. Scott, Jimmy's father, suggests the name Ace Services for their business, which stands for love, power, and wealth; it is from his new world policy in his book. Scott wants to change the world and bring about peace for all. Scott believes he is the Messiah and has written a book for people to understand what happened to him. When Jimmy and Ricky start working with a drug cartel, their business grows significantly, and they achieve great success. The cartel boss helps Scott bring his book to fruition, and the world believes in his story. Control of the world is turned over to Scott, and he seeks to establish a new world order.

The Glorious Beast! was a roller coaster of action, drama, romance, politics, and religion mixed with humor and suspense. Because of his creative imagination, Scott L. Chally made things appear so genuine at times that it was difficult to tell what was fiction and what was real. The plot started out as simple but became more complex as the story progressed. I could not put this book down because I had to know what was going to happen next. Each character introduced in the plot is memorable and serves a purpose. One of the reasons I loved this book so much was that Scott L. Chally poured his emotions and ideas into it. I have never read a story like this one before, and I loved the surprising twist at the end.
