Our Spirit and Soul

This book The Holy Gospel of Scott Chally will show the people of how God had worked or how God works in my life showing how gracious and loving our God is to accept all in his kingdom, with grace, love, healing and for the forgiveness of our sins through, Jesus Christ our Savior. It says... I am the Way, and the Truth, and the Life... No one comes to the Father... EXCEPT THROUGH ME... This book of different volumes written will show a testimony throughout my life and are the essentials to be used for the people to know... This book will show no matter how Good or Bad, Right or Wrong, of each situation that has been presented or acted out within my life, there is hope and forgiveness by God... This book will show how God works through me, for each of us, of our spirit and soul...

We all allow Right or Wrong or Good or Evil to happen... These testaments from me will show how the Devil can work in all people's lives to bring despair... Good belief thinking from our mind keeps God closer and may activate up to 100% of your soul of the Holy Spirit in your soul to work in your favor... Your soul has two parts to it... One part of the soul makes up two thirds of Purity, Goodness only of the Holy Spirit for each person's soul representing our True God in Spirit, God of Honor and Creator of Goodness in each of us as Purity... Your soul is constantly growing in new spirit to add to your soul as timing evolves... When your soul first starts from the beginning, it is made up of 33% Darkness or Evil spirit within the 100% of the spirit soul. We don't feel the Dark Side when we set our mind at rest, only when we acquire problems in making stress.

The - Holy Spirit - and of our body's soul of the Holy Spirit is made up of 100% Purity of Good and is only decided on in percentage of each souls two different spirit sources beginning with Good (Purity) starting at 66% and Bad (Darkness) of 33% to inter mix with each other of these two categories of spirits (God, Holy Spirit, Good, Goodness, Purity, Pure, Purity) and (god, Dark Spirit, Dark Side, Dark Part, Darkness, Bad, Evil, Satan, Devil, Antichrist, Demons) to be combined in each person's soul to

allow whatever action to be carried out at each person's doing... Our souls, have mostly Good, but we can allow Evil to happen... This interreacts in everyday life that allows the Devil, Satan within our lives to sometimes do the wrong things or if there are Evil things done to you by others... Sometimes we will blame different acts on the Devil, Satan or consider it to be Evil because of no other explanation. This book will show how the Devil, Satan has been in my life...

We are made up of Good and Evil as it is written in the last book of the Bible (Revelation)... Revelation is also explaining a spiritual battle we are up against making it to be 33% evil. I'm guessing it is meant to say for the spirit soul we all have a metaphor meaning, showing Evil through telling what was behind the message of all them thirds of 33% that was indicating that everyone was affected by the plagues talked about in the last book of the bible, while the 7 angels blew their trumpets...

It was meant to tell us that we are that havoc that has been placed on all of us since the beginning of mankind... These are the numbers 333, 666, 999 as they are the formula to make up the soul that we are, with 999 making a complete soul of one... It's a spiritual battle, we as humans have to face... It is also good to have this Dark side of Evil in each of us because it doesn't let others walk all over us... It is Jesus and at this time it's also me, Scott LeRoy Chally who wins the battle over Good and Evil showing to be of the same profit in this spiritual battle taking out the Antichrist... Jesus was with me every step of the way... I will say, all throughout my life he has saved me numerous of times... I also turned to God for help and assurance when I really needed it, with having the understanding that Jesus was in my heart... If, I wasn't turning to Jesus and God in prayer with the Holy Spirit's help during parts of my life... I wouldn't be talking to you here...

We all have the 33% of the Evil Dark side for our soul... Just as it is for the messiah's, profits in timing or of me Scott LeRoy Chally where it shows we have both Satan and God in us. God pointed out in revelation that there was an Evil name he did not like for each person. This would be of Satan within each person's soul... It says not to worship that of the Beast... So, this makes me believe that me, Scott LeRoy Chally of this timing of a profit will also hold the title of the Evil name that God doesn't like of the Antichrist... This would have been determined, differently if I would have taken the path of the Antichrist to bring havoc to the world... I fought against the Evil Spirits of Demons in some people, the Devil and I suppose you could even say Satan has challenge me during my life but I'm of Good... This speaks from the Spirit Soul mentioned in Revelation of the Beast and the Dragon which is a spiritual battle within the body of Good and Evil of Jesus as the Good Holy Spirit and Scott LeRoy Chally in the flesh and represents each of the peoples' souls.....

The Beast has the 33% Evil Spirit in him or me and it would also represent all the people... With God accepting to cast out of heaven one-third of his angels and the 7 headed Dragon to be thrown down to earth... This shows for the beginning of creation again where God made up Evil or allowed a Dark Side for Evil and named it with an identity of Satan, Antichrist, Devil... This 33% of this Dark Evil is to allow us as humans to not be weak but to be defensive or self-coherent in life... Hard times can bring on depression with different acts of Evil... of the Devil you may say, may have caused you are feeling downward where you don't have as much in desire of doing things in life... This could lead to taking no-pity in life for yourself or others, with carelessness, acts of wrong doing or of suicide if it's not acted on before it's too late...

God had made the Dark Part of the soul with 33% of his heavens angels that were thrown down to earth or now they will be considered God's Bad but Good Evil angles for mankind to make up for the soul... You can praise God's Holy Spirit that's from the soul in representing initially 66% of all people with both Good and Bad to allow us to be like we are...

For instances, Scott LeRoy Chally as of Jesus Christ and all humans start with the 66% Purity of God's Holy Spirit made up to recognize each of our souls from our bodies' Purity and Goodness of God's Holy Spirit given... You should know as time continues the soul grows to what you allow or do during your life making the direction of your soul to grow to either more Purity or Darkness. It will be either more for the Evil side coming in to your soul from this Holy Energy casted out constantly everyday from Gods Holy City or God's Holy Throne to make up your soul as for its active time... Or be of pure goodness to make up your soul...

If we do actions that seem to, Feel Wrong, Done Wrong, or if you Misuse Authority, Not Kind, Non-Loving heart, Lots of Lies, we should stop them actions because it makes your soul Darker... you should turn away from doing them things... If you do, Joyous-Activity, Laughter-With-Love, and had gone through Disappointing or Hard Times in your life, chances are you will probly gain more Purity to your soul... You never lose you spirit from your soul... You only enhance it, in the direction you want to go in... As you learn from me, Scott LeRoy Chally, that we will always be thankful in recognizing God's Son as Jesus Christ coming forward for the people... You should see me as a profit with divine power and knowledge, where I give Understanding, Peace, Salvation along with Everlasting Life through the Son obtained from God of the Holy Spirit... It says in Revelation, there will be 1,000 years of piece where Satan will be placed in chains...

This is because now the people will know how to deal with evil, Satan and the Devil because of what is written about, in the testimony of this Holy Gospel of Scott Chally... This will also show the people through my writings of Greatness and Divine Knowledge... Since I've been here on earth!... God has allowed me to walk and write a New World Order of life for greatness to live in Love, Peace, To Have Faith, Belief of the Flesh & Spirit shown for me Scott LeRoy Chally... Our souls of all people from this time on-wards, will acquire spiritual divine knowledge through your profit's writings, words and spirit as I'm walking on this planet that will carry to all... The digital aspect of the world has advanced for greatness in technology since my timing on earth... God has allowed me through my soul consisting of the Holy Spirit

of God offering both to me of one spirit that contains Good and Evil that allows for me to interact with everything that comes my way...

This allowed me experiencing life with actions walking among the people first hand... I had adjusted my outcome because of the Devil was in play for many of my actions or situations that had happened to me... You can't give up and must try to push on with life no matter what you are up against... If you take your life the Devil wins and it may be eternity with Satan in the afterlife... Realize Satan and the Devil is with us down here on earth... We will all know now with what I had wrote how to control this evil spirit within us of its ability's... You can stop these evil ways from happening if you know how to control the spirit of Satan when he's trying to come Face to Face within your life...

It will be your, *Heart* to decide in allowing you to take action or not from Evil or when the Devils in play... There will be a constant of this Holy Energy casted from the Holy City to grant the spirit of Good or Bad to be added to the soul to make up each persons' soul of their spirit... From now on as it is written by me it will be in your favor to understand because of your savor and God is with you and will always help in what comes about in your life...

When you do a Prayer, your spirit with God communicates or pushes the Evil out of your mind and soul where it allows your spirit to work in your favor as a spiritual gift given from God... If you turn to God and his Son Jesus, through prayer you may be surprised of how wonderful the Holy Spirit works... Gods Holy Spirit within me Scott LeRoy Chally is very, very, very large where it obtains all of Mankind and it's also in control of what is to be for the world through all people... That means everything I see and think from my mind will activate my spirit of my soul to carry to some people the same in thinking as me... I'm a walking profit, as of God walking on this earth and the spirit being of God moves through all the people... If I think and do of terrible things, that could mean of terrible things could happen in the world...

We are all placed on this world with destinations of paths in life we don't know of yet, but somehow in each of us, we have to achieve through faith and understanding in belief as we all will face Good and Bad or Right and Wrong in or Life to Achieve our Destiny... God will make your path happen through the powerful Holy Spirit controlling everything in you and around you to achieve this goal for your destiny... Not always saying Evil has to be in your path, but when you do see the Evil understand you have to get past that Evil to get to your destination that God has placed for you... God will be there when you count on your Savior Jesus, in prayer using the Holy Spirit in help and a reliance to turn to...

There are only 144,000 different souls of Mankind from the Holy City casted out consisting of the 12 tribes of Israel or of all the people from God's Holy City... You also have got to figure in the 12 months in a year... Your soul will be contained in one of the 144,000 different souls that make up your family lines Holy Spirit or spirit in recognition of your destined soul added for that ancestral soul's group in heaven... The family generations that follow will carry the same fundamentals from that family's last family members spirit connected to the flesh to match up precisely to carry on through conception when a new soul is started... Each Jubilee represents 7 x 7 years, with the 50th year to allow greatness or to celebrate... Your destination from heaven is figured and completed after each 3 ½ and then 7 years as life goes on. Initially life of the soul starts around 22-Weeks and then each 3 ½ of 7 years... Your destination

from heaven is figured and completed after each 7 years of what you see through your mind and what you want to believe in wanting to achieve... As you do your prayers, wants and desires to communicate with the Holy Spirit... The Holy Spirit will grant a path in order to achieve for the next 7 years as what you had previously desire will happen through life with following through with commitment... So, if you see something desirable to look forward in doing it may take 3 ½ or 7 years before you see results in you next destination of your life journey in different recollections...

All souls are destined from heaven calculated through 666 Gem's disposition to identify each soul through the Holy City of this Holy Energy to make up this Holy Spirit, is added to your ancestry spirit which is containing your soul... All ancestry's spirits can move freely through, all of God's Holy Spirit to assist in everyday life...

According to God's Holy City in space, it is within the timing of the earth's rotation which is 365.25 days a year... The Holy City of this Soul Maker is 361.111 days of 13 months or 27.777 days per month which is suitable to an earth's day average of 30.4368 day month... You see with this Holy City only allowing 27.777 days to make up a month in the 12-month cycle for a year came out right at 333.333 days for when the Holy City finishes up making 144,000 souls or allowing us a life to continue on with life... Now you have to add 27.777 to have it agree with 361.111 a 13-month calendar... Gods Holy City is 32 days behind our planet earths year... The Jewish (Hebrew) calendar is of about 354 days but varies... The city has a total of 78 crystals that go around the outside of the city where it only uses 72 of them crystals where these crystals which are paired in threes to connect to the (666) Gems from the inner circle of this Holy City to make a total combination of 144,000 different possible souls...

The Holy City moves accordantly as our planetary earth's rotation moves through our seasons as a time segment to understand. This Holy City is located near, in and or around our planets' solar system somewhere and addresses a signal from the cosmos of or our Milky Way Galaxy that would relate with our Zodiac alignment... 78 crystals going around the outside of City are constantly pulling in or receiving information as a signal from our cosmos to the Holy City... Of the 6 crystal group points going around the Holy City shows for four directions as if the city is marking out or covering North, South, East and West as if it was a plus sign from looking down from the top on all Six crystals... Every crystal cluster on the outside of the Holy City has 3 crystals standing per direction that pulls and sends a frequency to each of the Gems as the rotation happens in the inner circle from all 4 directions per cluster... This is how our soul is constantly growing using all of the (666) Gems... Each of the crystals of the 72 crystals going around the outside of the city will only maintain one Gem per crystal at a time while the Holy City rotates.

From the bases of these 6th standing crystal groups shows as wider and bigger as they go to the top, for instants 99% in comparison to the next tier up at 66% and for the third tier up is at 33% of size till you get to the top point of the center crystal being at 0%... You can kind of imagine from all the protruding points from the Holy City of the 6 crystal clusters... These crystals clusters with 13 crystals are

active pulling in a signal from the cosmos constantly and will represent how all six will be the same of 27.777 days in celestial movement of 12×27.777 showing 6 crystal clusters where it rotates twice somewhere in the sky going through 6 crystal clusters of the Holy City to equal 333.333 days... This is what the Holy City has to make in order to complete its rotation to relay its souls...

This is activating all 72 crystals going all the way around the outside of the city pulling a signal from all 6 crystal groups constantly making a new soul, 27.777 days to rotated... Figuring out for the crystal groups of this equation for the Holy City's calculations, first you must take (144,000 Souls) different Gem classifications of God's soul maker allowing life... You will need to divide the (72 Crystals) crystals of the Holy City... Then you need to include the (Six Groups) crystal groups from around the Holy City where you must calculate how many months (12 Months)... Of what it will take to go through all the combinations to start over again for this city... This will equal out to all Six crystal groups being the same in rotating through each day in order of a calendar (27.777 Days) if you times (27.777 x 12 Months) this will also equal out to (333.333 In Complete Rotation of the Holy City) and it is short from the calendar by 32 days... I'll list a couple more complications 144,000 divide by 72 equals 2000 times 6 equals 12,000...

A soul takes 166.66666 days first to become a soul, is when the Holy City rotates back around with the same set of Crystals and Gems to make it complete after (6 Crystal Clusters) 27.777 day periods at the start of a soul life when the Holy Energy signal from 72 of the Gems in the Holy City that has been casted out... Our days are different than the Holy City's... So, I took what was listed for a month for this planet from Google and it was of 30.4368 days... I used to think - ok - about woman getting an abortion at 22 weeks but according to the Holy City and Planet Earth in timing you should be safe if you wait till (164.2) days or 23 ½ Weeks. The Holy City will have made one complete rotation in timing to count for half an earth year going through 72 different crystals and 333 Gems to identify 72,000 different types of souls that can be made every complete rotation.

Each 27.777-days are the same of all 6 (Crystal Clusters) of each month of the Holy City always consist of 55,555 different souls' classifications casted out from the Gems Holy Energy... This is allowing this Holy Energy casted out to create life to be marked by this encryption to allow the soul to grow from the Holy Spirit of God in allowing functions, memory and thought to be able to communicate as a human... A season is of 3 months equals 36,000 different types of souls between the 4 powers or the 4 living creatures that are indicating North, South, East, West, for each way the crystals are facing on the six points going around the city. These crystals pick up a signal from the cosmoses to relay to each soul, to allow thinking, knowledge, wisdom that is allowing new direction on a path we take as life is created in the cycle of timing.

Your soul, spirit is always grown and will continue on as you make directions in life with every 42 months this would equal to 7 times the Holy City would have completed its rotation in 3 ½ years... As your dreams, goals, your desire in life will come into play where the Holy City may be running on like an auto play for everyday life... This will allow your destiny to be fulfilled in every action and any ability possible as the Holy Spirit will guide you as you reach your next 3 ½ years. Your destination dreams will happen if you are committed in faith, belief, praise, and precise praying in what you need help on...

When 7 years has come is when it is a complete cycle and the Holy City had rotated 14 times... This City doesn't need the sun to activate the crystals to deliver this Holy Energy of this special encrypted coding of the soul, it's a different source pulling in from our galaxy, universe. Just to let you know every day there are 72 Gems being added to your soul to remain fresh... I believe that the Holy City keeps track of time like for we have the capability to use time and I believe it is every 12 hrs. in time making morning and night for instance individually there is 24 Gems showing marking one's ability... A Jubilee time frame of 7 x 7 years, has 98 complete cycles of the Holy City rotating to get to 49 years and the 50th year it's 100 times it rotates...

Boss Date start for New World Order

I have some calculations for you study that point out while I was in my mother's belly and in the BOSS Date that came out of the bible between Daniel and Revelation that is written in my first book edition which I believe that's dated, 22nd August 2014 called *Do You Believe Is It Real or Fiction?*. I copied mostly word for word of what was written in this book to explain the numbers pointing me out which I used a new scripture version of the bible, it's New International Readers Version, from Zonderkidz.

Here's another figure that I worked on. Its different from the one I just explained. We will start with Daniel 7:25. --- (NIRV) Daniel 7:25 He'll speak against the Most High God. He'll treat God's people badly. He will try to change the times and laws that were given by God. God's people will be handed over to him for three and a half years. --- We will use the biblical month; the Bible describes a month as thirty days. So from Daniel 7:25, it talks about three and a half years, which would be 1,260 days. --- (NIRV) Revelation 11:2 But do not measure the courtyard. It has been given to those who aren't Jews. They will overrun the holy city for 42 months...

Once again, it talked about the holy city and 42 months, so if you took a 30-day month times 42, that'll be 1,260 days. --- (NIRV) Revelation 11:3 I will give power to my two witnesses... They will prophesy for 1,260 days. They will be dressed in black clothes to show how sad they are. --- Again, it talks about 1,260 days... I believe the black cloths is pointing out my writings! Then, I used what I would consider the four powers in the city but are listed as four living creatures. --- (NIRV) Revelation 5:8 Then the four living creatures and the 24 elders fell down in front of the lamb. Each one had a harp... They were holding golden bowls full of incense, which stand for the prayers of God's people...

I will also be using the twenty-four elders in the equation. --- (NIRV) Revelation 11:16 The 24 elders were sitting on their thrones in front of God. They fell on their faces and worshiped God... (NIRV) Revelation 19:4 The 24 elders and the four living creatures bowed down... They worshiped God, who was

sitting on the throne... They cried out Amen! Hallehija! --- I took 1,260 days and multiplied it by the four living creatures. This equals 5,040, which then I multiplied to 24 elders, which equaled 120,960. Then I used man's number again 666, but instead I referred back to how the city looked and went with the numbers, I have previously used of .666. I took 120,960 and multiplied it by .666. This came up with 80,559,36. On the calculator then I tried computing the numbers again. The calculator quit working, like the memory was scrambled; it would turn on, but you couldn't calculate. Later that night, when I was home, I did the calculations again. And sure enough, it did the same thing and scrambled the calculator memory...

The formula was 1,260 times 4 equal 5,040 times 24 equals 120,960 times .666 equals 80559.36. we see that it says BOSS, and the number next to it I figured had to be the year, which is nine, so that would be 2009, but we have to carry the decimal place out. By taking a 30-day calendar year of 360 days and multiplying that by .36, it equals to 129.6 days. Now you have to convert the 129.6 days into months.. So, it will take 30 days as a month and divide that into 129.6 days... This equals 4.32 months. Then take a 30-day month times by .32 equals 9.6 days. Next you find out the hours. You take 24 hours times by .6. this equals 14.4 hours... Then figure out the minutes. Take 60 minutes times it by .4 this will equal 24 minutes. Now it is BOSS 2009 fourth month, ninth day fourteenth hour, twenty-fourth minute...

I figured from that date for the boss to be in charge of the world or our savior to come about to start establishing the New World Order called, Ace Services - American Constataion of Economics will be on the 24th January 2027. This is in alignment with Jubilee of this year as when it will be done or gets over where the people will know by then... That's 2 and a half 7-year cycles or 17 and ½ years total from the BOSS date of 2009 April 9, 2:24pm by using some importin passages in the bible to calculate this coming day... It speaks in Revelation that the Beast will be in Power for 3 and a half years. That means the New World Order will be up and running by 24th July 2030. According to what is comped out to show the people that it will take 3 total 7-year cycles in timing to make this happen as God's plain from 9th of April 2009 and be operational for the people by (24th July 2030)... You will have to figure for 6 of 3 ½ noted time lines from the Bible... Or 3 - 7-year time lines will half to consist in having 1,260 x 4 to equal 14 years and 1,290 x 1 and 1,335 x 1 to be calculated in the last 7-year time frame... I'll list some of the verses that speak of this. ... (NirV) Revelation 11:3 "I will give power to my two witnesses. They will prophesy for 1,260 days. They will be dressed in black cloths to show how sad they are." ... (NirV) Daniel 12:11 The Daily sacrifices will be stopped. And the hated thing that destroys will be set up. After that, there will be 1,290 days... (NirV) Daniel 12:12 Blessed are those who wait for the 1,335 days and reach the end of them...

When our Soul starts

Now I will use the same numbers and divide them. 1,260 days and divide the four living creatures to equal 315 divide that by .24 elders this equals 1312.5 divide that into .666 man's number, this equals 1970.720721. Now take .720721 times by 360 biblical days for one year. This equals 259.45956 days. Take 259.45956 divide by 30 days for one month equals 8.648652 months. .648652 times by 30 days equals 19.45956 days. Now take .45956 times 24 hour. This equals 11.2944 hours. Take .2944 times 60 minutes. It equals 17.664 minutes. What you come up with is 1970, eighth month, nineteenth day, eleventh hour, seventh minute. This calculation seemed a little strange; where this stumped me since my birthday is December 13th 1970... The calculation was three months and 24 days short of my birthday... But it does fall within the guidelines from when I was conceived. These examples of calculations from the bible I gave you are legit and played a major role in my decision in suggesting that I'm the Son of God... I believe the Holy Spirt started for my soul at this time of my body from 11:07 am 19th day 8th month or Augst 1970... My birth date is 6:30 pm on the 13th of December 1970... When I was first started in the womb it was around 22 weeks is when the soul starts...

God's Holy City – God's Throne Where we come from *******Amazing*******

I had a vision 5th of April 2006 around 9 pm where I had saw God's throne or Holy City... The city was made up of beautiful Gems and crystals... The Bible matches up with what I had saw explaining the 24 elders, the 4 powers, the crystals and look like a rainbow... Frist, I had heard a trumpet buzz sound in my ear, then I saw this image of crystals with fog in the center of this beautiful crystal arrangement and I felt like the fog was of Gods Spirt sitting on the throne which then had left the Temple. I then had saw a mixture of hundreds of Gems... It looked about ¼ to 1/3 of the size wide to how tall it was... If I had to guess I would say it was about 4 ½ to 6 foot in diameter... There are 4 tiers to go from bottom to top on each of the 6 extruding points going around the city. These points are 33% larger that the next tear as it goes to the top of the center crystal in order to make a hole number of one. 0% for tip of center crystal, 33% first tear, 66% seconded tear and 99% third tear to be of one...

Looking at each one of the extruding clusters of crystal coming out from the Holy City you would say that all 6 individual crystal clusters going around the city were in four different directions of three crystals each per group of crystals... These crystals were wider at the bottom of them and teared 4 times to get to the center crystal on top... There were 13 total crystals to make each one of these clusters and they faced in 4 directions with 3 crystals stepping upward in tears in each of the four directions identical to each of the 6 points extruding form the city... It looked like a plus sign from the top of each one of these crystal groups going around the outside of the city where there was a total of 78 different crystals that were all uniformity with each other fastened somehow to a crystal bed (Bottom). I had figured out that there are 666 different Gems in the center circle of the Holy City... I figure it takes about 5 to 6 - 30 day months from first conception has happened, from when the soul is started... Then every 180 days it goes back through all the different combinations of 144,000 soul identities... You calculate 24,000 for each month after 5.5 months making a soul complete and will continue growing... We say year to show completion of each year as we grow...

Your soul will maintain time as it is always growing containing Good or Evil and is establishing timed events as memories in your soul... This happens according to what you decide in your life as each second of time comes and goes to establish your soul from the Holy City... Which is of its Gems to cast out this Holy Energy marked to all 144,000 different types of souls to allow your spirit to grow and maintain... This Holy Energy is to make God's Holy Spirit for each soul of each person's outcome in life of both, Good or Dark making your soul lean whichever way you live your life of Great or Not so Great. This allows us to have this Holy Energy constantly coming in for us and it allows our ability like establishing through the soul DNA, good health. These Gems castes out this Holy Energy or spirit constantly making new life. Any living organism on the planet it helps from this Holy City of ours... It is where our soul comes from and we are constantly being updated as we live on this earth... Its aligns everything within timing of life to allow for each person on this earth the accessibility through this Holy Energy to establish your Holy Spirit of your soul... This is to keep your soul serviced and fresh to allow thought, thinking and maybe other controls of your body...

The Holy City consistently rotates and all the Gems from this Holy City where the signal is casted out for every moment, each day is being casted out for this Holy Energy. All 666 gems are being casted out each day with this Holy Energy... The Holy Energy or a signal is collected and casted by the Holy City's crystals getting the information from the cosmoses of our Galaxy to be able to make life available here on earth as destined for everyone from the Heavens of God...

It takes every 6,000 years to rotate around our sun to advances mankind. I believe now from me there will be two chromosome strains of 24 to equal 48 total... As far as I know there's been 23 different human species found on earth... If you took it as 24th human has now advanced. If you times that by 6,000 years of what it takes to travel around the sun from our planet. This would be 144,000 where I believe humans have been living on this earth...

Jacob's Ladder – Mankind's next move to another World with a 144,000 people traveling through space on a Space Ship.

My vision started on 13th of October 2025 at 10 am... It lasted 45 days whenever I was working on the book... It's like I could see how to create everything for this Sace Vessel (ship) that will need to be made and for it to leave our world in the year 2056 is what I saw... This ship will have to carry 144,000 people comfortably... This Ship will be traveling through space probly 20,000 miles an hour for about 20 years is what I had saw and figured out... This Ship has got to be self-sustainable for a long time to operate as a functioning city... I also had seen what the transporters look like in order for me to writeup to designed in order to make and for use of carrying supplies to and from the mothership... The space craft will have around 120 to 140 floors or levels on this ship... It will sort a look like a round cylinder tube but, it will be like 2 miles, by 2 miles in size... There will be 12 gates going through all the 120 to 140 floors. This will equal out to about 120 to 140 miles per gate of farm land, stores, housing, animals and roads. This is a small writing that you may be able to read in 3 ½ hours... New World Order

Ace Services

Ace American Constitution of Economics

When I had first started writing on this new world order, it was 5th of March 2006. 2023 was the year it was finished, July 10th is when the video had gone live on YouTube... There is 159 doubled spaced pages of Ace Services which was submitted to the Patent Office on December 25th 2024 at around 11:45 am CST, this Patent still don't show for the public or have they contacted me about it... The date I see at this time for Ace Services to be activated is January 24th 2027 and should be finished up and working by July 24th 2030. Laws for prison time will have to be looked into to see if they can leave early...

Ace Services is of a one world government consisting of 151 members to interreact on all topics to vote on as a world console... The 151st member of the cabinet voting panel will be from the Scott LeRoy Chally Royal bloodline family members only to hold this seat as world leader... This person must sit in on all world meetings and only has to vote on tie votes around the world... This first member of the royal family to hold this spot will be my 3rd oldest son starting on July 24th 2030 for seven years at a time and all members must dedicate themselves to the commitment as they all will be voted in by election after this selection. There will be collection boxes in every post office to be able to submit an opinion on a law or a complaint...

There will be (county district), state and federal for country of courts... The courts will consist of a 13-to-15-person jury to be able to react through their phone to decide on the case on trial having only a few choices to choose from... There will be a set rate for jury duty of \$30 an hour... Everyone will receive a data information security chip to use in order to maintain all their information and accounts on everyone in the world with a secured account through 4 tears of back up memory within the world... Everyone will get paid the cost of living of whatever county or district you're in... Let's say maybe a population of 3,500 is like around 20,000 a year and a population of a million you may earn up to \$50,000 a year. See with the world being of one world government... This means that Ace Services will have unlimited amount of digital money which the economy should stay strong in the world... Anything with taking care of the people for the people will be taken care of. I ask you to look my videos up on my site where there's a new world order video that's about 7 hours long. Also, one called Scott Chally Explains Revelation video, The Glorious Beast book reviews video, The Holy City video, Scott Chally Google me, if you like.
